

# AETHER CT

In the past 30 years, AETHER CT has accumulated and developed high pressured gas vessel manufacturing technologies and knowhow. We cover various industrial fields such as semiconductor gas, hydrogen, natural gas and industrial gas transportation & storage systems. As a 'World-Class Product of Korea' company, certified by the Korean government, we are positioning ourselves as a world-class high-pressure vessel maker for the international market. Based on the belief that 'Energies' and 'Values' can be 'Safely' stored in the highest quality products, we will grow into a trusted company in the global market.
